CITY COUNCIL

The regular meeting of the City Council was held in the Council Chamber on Monday evening, with His Worship Mayor Lord in the chair, and Aldermen Stone, Galbraith, Moyes, Broughton, Simpson and Colleen in attendance.

CORRESPONDENCE

A letter was read from Hewlett & Cotton appealing against their assessment of business tax, claiming that their assessment was higher than for similar business premises. The letter was tabled.

A letter was read from Supplementary Tax Revenue Commissioners asking for a return of certain assessments in the city.

The Union of Canadian Municipalities wrote to a convention at Kingston, Ont., asking the Council to send a representative to take part in same.

The Fire Brigade wrote asking for the balance of grant made at a previous Council meeting.

A letter was received from the Meteorological office, refusing to grant the city a barometer, which the Commissioners had requested.

A letter was received from The Financial Post, asking the city to advertise in their annual number.

A letter was received from the Secretary of the Agricultural Society, pointing out that the Fair Grounds needed cleaning out and improvements.

Mr. Galbraith spoke on the need of conveniences at the Fair Grounds, and made suggestions as to improvements which would be a convenience to ladies. He suggested that the poultry section had been moved by the Society, it would be a good thing to utilize these buildings for that purpose.

Ald. Colleen asked what was the responsibility of the city as regards the Exhibition Grounds. He objected to the Society coming to the municipality for every little thing that was wanted. He thought the Society did not take the active part that they did in former years in the upkeep of the Grounds.

The Mayor explained that the City were the owners of the property, and the Exhibition Directors were only responsible for the fair. They were simply a body of men who carry out the details of the Exhibition.

Ald. Colleen wanted to see expenses kept down, and the Fair Directors should form a contingent fund to meet these incidental expenses.

It was decided that the Commissioners investigate and report to next meeting.

COMMISSIONERS' REPORT

To the Council, City of Red Deer, Gentlemen:

We beg to submit our regular report as follows:

1. Samples of milk and cream sold in the city were tested last week. Tests showed Wm. Burns milk 4.4, Red Deer Dairy Products Ltd. milk 3.5, cream 28, all of which were well over the required standard.

2. The cemetery has been levelled and tramped up and will be kept in the best possible condition during the summer with our limited labor. Grass in the station park has been cut, and that on the boulevards is being cut now.

3. Draft agreements for extension of time for payment of arrears of taxes have been prepared and some sent to outside owners for their consideration. Local owners have been requested to meet the Commissioners to discuss extension of time. These agreements must be completed as far as possible before July 1st.

4. The swings are being fixed up in the Parks and on the City Square. More can be erected later if needed.

5. Commissioners, Stephen and I, met the Board of Public Utilities Commissioners on Wednesday last in support of the application for approval of the Treasury Bill issue.

6. The following street grading has been completed since last Council meeting:

3rd Ave. East, graded and levelled from 4th St. North to Exhibition Grounds.

1st St. South, graded from 2nd Ave. East to bridge over creek.

Ross Street, graded from 2nd Ave. East to bridge over creek.

Poplar Road, graded from 4th Ave. East to Bank Street.

4th Ave. East, crowned and filled from Ross Street to 2nd St. North.

Roads on Michener Hill graded as recommended in report on Public Works.

The street and lane intersections have been levelled along the above streets and on the roadway on 5th St. North near Gatz Ave.

We will have to use the usual grad and road drag from time to time on the above streets until they are well packed.

We are well pleased with the work done by Mr. Anderson and believe the work could not have been done by any other method for the amount it cost.

7. We submit statement of receipts and disbursements for May.

8. We submit departmental report for May.

9. We submit accounts for your authorization to pay.

HEALTH REPORT FOR MAY

During May the Spanish Flu epidemic appeared to die out, but

never to reappear. There were a few mild cases of scarlet fever and no other cases of infectious or contagious diseases.

The sanitary inspection has been completed.

The report was adopted.

The departmental reports were received and adopted.

Mr. R. Middleton addressed the Council on the need for a bowling green in the city, and after hearing his arguments the Council decided that Mr. Middleton get into communication with the Commissioners, who would go over the ground with him and report to next meeting.

The following accounts were authorized for payment:

Sec. Treas. Public School \$2,500.00
Miss McCormick 14.50
Dep. Min. Assn. 12.50

A. L. Stone 12.50
S. J. P. Strachan 5.25
Can. Pac. Railway Co. 10.40

W. R. Taylor 10.00
Cushing Bros. 46.13
West. Gen. Electric Co. 19.94

N. M. Burnett 143.50
Anderson 10.00
A. G. Bultock 5.25

West. Gen. Electric Co. 20.00
Mrs. E. O. Alford 25.00
Wage Sheet, May 191.52

City's Printer 3.00
Sec. Fire Brigade 100.00
Standard 10.00

Gaz. Corbett Drug Co. 4.20
Day Hardware Co. 12.50
Castle & Reed 3.00

W. R. Taylor 10.00
H. T. Stephenson 13.90
H. J. Snell 1.50

Mrs. D. M. Archibald 25.00
Alexander Macdonald 10.00

The Commissioner mentioned that they should make an appointment at that meeting as inspector under the Mothers' Pensions Act. Ald. Galbraith suggested that the Red Deer Local Council of Women be asked to recommend an inspector under that Act. Ald. Broughton seconded. Carried.

Ald. Broughton brought in a report from the committee appointed to meet with the G.W.V.A. and the Veterans' Association, and the Veterans' Association.

They have the hour of presentation of certificates from the city to be from 1.30 to 2.30 on the third day of the Fair, and suggested that the Council call in at that arrangement.

Mayor Lord stated that he had had the suggestion given to him that the Council should call in at that arrangement.

Ald. Colleen wanted to see expenses kept down, and the Fair Directors should form a contingent fund to meet these incidental expenses.

It was decided that the Commissioners investigate and report to next meeting.

OUR RETURNING
VETERANS

Edward Impey, who joined up with the 63rd, and transferred to the 28th, came in Friday last.

Sergt. Joe Steadman, who joined up with the Engineers, was in the city visiting his brother last week.

Sergt. Joe Morkie, who joined up with the 12th C.M.R., returned to Red Deer Thursday last.

Trooper Cobham, who joined up with the 12th C.M.R., returned on Thursday last and was welcomed by his friends.

Pte. Wm. Morison, of Evergreen, returned from overseas a few days ago. He was seriously wounded and saw quite a lot of fighting.

Sergt. Cooper, of Edwell, was one of the gallant 31st boys to get back to Calgary on Sunday. He left Red Deer with the 187th.

Driver George Munro, who joined up with the artillery, came in on Friday evening's train, and was greeted by his friends.

Sergt. Sam Quigley and wife were in the city on a visit last week. Sam joined up with the 187th, and was greatly interested in the boys' bugle band.

Sergt. J. R. Gatz, M.M., returned home on Friday. He enlisted in the 8th, and was transferred to the 19th battalion, serving a long period at the front.

Pte. Cliff Springfield arrived back in Red Deer on Monday. Cliff went overseas with the 187th, and saw considerable service.

Sergt. Bailey, of Rocky Mountain House, returned on Friday. He joined up with the 63rd Edmonton and was transferred to the 13th battalion where he had some hard fighting.

Pte. J. Bennett came in on the noon train yesterday. John enlisted with the 187th, and served with the 50th battalion in France. After looking over the 187th, he was transferred to his home at Camrose.

Sergt. H. L. Michell, formerly of the Western General office, who joined up with the 31st, and was pretty badly smashed up, losing part of his jaw, returned to Red Deer Thursday last.

Many friends are glad to see him back.

Gunner G. N. Finn returned from overseas on Friday last looking much stronger. He joined up with the artillery and was on his way to the front when he fell off a gun carriage, which ran over his leg, breaking it badly. He is still lame. His throat trouble is no better, and he will not be able to return to the military.

Mrs. Douglas Moore was down from Nordegg to Calgary to meet her brother, Nelson Moore, M.M., who came in to Calgary with the 21st, and his cousin, Stanley Kerley, also of the 31st and of Nordegg. The ladies enlisted together early in the war, and have served together throughout.

Sergt. Gordon Stone, D.C.M., returned on Wednesday last and was heartily welcomed by his friends. He joined up with the 89th and volunteered for machine gun work. He was in a number of hot engagements. He has been visiting in Edmonton for the past few days.

Trooper Matt Gallagher, who was on the R.N.W.M.P. force, and who went overseas with the Port Garry Horse, returned to Red Deer on Friday last. While in Ireland he was married to his old sweetheart, which accounts for his cheery look and jovial appearance. He will bring his wife to Canada as soon as he can get a comfortable home for her.

Pte. Frank Smith, who joined up with the 137th C.M.R. battalion, and was transferred to the 31st, and afterwards served in a machine gun crew in the 2nd battalion, returned to Red Deer on Friday last. He was with his brother, Ern Smith, former barber in this city, the night before he died. Another brother, Walter Smith, who joined up with the Engineers also returned to the city on Friday.

At Santa Rosa, Florida, on May 24th, to Mr. and Mrs. H. H. Hill, a son.

At the Red Deer Memorial Hospital on a June 7, 1919, to Mr. and Mrs. Eby, a daughter, "Margaret Jean."

second year commercial course will be conducted at Calgary, Edmonton, Lethbridge and Medicine Hat, during the same period as the grade examinations.

The examinations for the first

U.F.A. SOCIAL AT CONDO

The pie social and dance given by the Entertainment Committee of the U.F.A. local was held in the Condor Hall on Friday last, and was a highly successful affair. In spite of the inclement weather, a large crowd turned out and the night was a grand success.

The dancing started at 10 p.m. with Mr. Wells as J.C.

There was a contest in the dancing about 12 o'clock for the sale of the pie. Mr. A. K. Blair proved to be a very efficient auctioneer.

The proceeds of the sale amounted to the splendid sum of \$172.00, which is to be devoted to the purchase of a musical instrument for the Condor.

At intervals during the dancing, songs and recitations were ably rendered by Mr. J. Stone, Miss K. Stock, Mr. R. Eastman, the Misses Albert, and Mrs. N. Eastman.

The music was voluntarily supplied by Mr. Craig, Mr. Chisholm and Mrs. C. D. Smith and Mrs. W. Blair at the organ.

The entertainment committee wish to heartily thank all their patrons for their generous and graceful patronage, and their thanks, and trust that they will have as many patrons at their next dance.

SHAMROCK.

AMENDMENT TO
BUDGET EXPECTED
FROM M'MASTER

LIKELY TO FOLLOW LINE OF
SOLUTION MOVED EARLIER
IN SESSION.

Ottawa, June 9.—It is positively stated at Liberal headquarters here that the budget expected from M. McMaster will not be disclosed until it is read in the house, but it is likely to follow the line of the Liberal tariff solution moved earlier in the session. This is based upon the resolutions passed at the Eastern Ontario Liberal convention held at Kingston in December last, and it is generally expected that the budget will be a free trade budget.

The Western Unionists were also a caucus to consider the situation created by the bringing down of the budget. While it is practically certain that a number of members from the other side of the great lakes will give support to McMaster's amendment, there is much difference of opinion as to how numerous this group will be. A good deal may depend upon the speech to be made by Hon. T. A. Crerar, who retired from the government because the budget was not satisfactory to him. While some are disposed to believe that the amendments will not exceed a half dozen, it is claimed in other quarters that there is in existence a list of seven members who will vote for the McMaster amendment.

GREAT INTEREST IN BUDGET

There is a talk of a amendment by the main grocers, which will conform to the tariff policy of the Canadian Council of Agriculture, but it is anticipated that under the rules such an amendment could not be made to the motion to go into supply.

There is great interest in the budget debate and possible development of the "free trade" policy. One, but it is hoped that it will be brought to a close this week.

An effort may be made to have division taken on Thursday night which would leave Friday clear for consideration of the resolution.

When the western caucus adjourned on Friday night, the general statement was given out. It is stated that there had been a full discussion on the tariff situation. While nearly all members from the prairie provinces expressed themselves as being in favor of more tariff reductions than have been provided for in the budget, many of them in view of concessions that have been made by the finance minister, declared that they would support the government proposals.

Another group, while declining any desire to defeat the administration, took the ground they must support the McMaster amendment or some other amendment which would bring about tariff reductions. It is probable there will be no further caucus before the McMaster amendment is voted upon in the house.

LEAGUE OF NATIONS MUST BE INFORMED.

Paris, June 10.—The organization committee of the League of Nations met today. The general secretary, Sir Eric Drummond, presented a memorandum regarding the organization of the league, after which there was a general discussion as a result of which the following resolution was adopted:

"It is essential to the league to be fully informed at the earliest possible moment of all political, economical, financial, social and other relevant considerations in all parts of the world. Every state which is a member of the league should, therefore, undertake to supply the international secretary with all appropriate information."

APPRECIATION
OF LT.-COL. PAGE,
O.C. OF THE 50TH

CAME FROM RED DEER AND WENT AWAY AT OUTBREAK OF WAR WITH CAVALRY

The 50th Battalion arrived in Calgary last Monday morning and received a great reception. Lieut.-Col. L. F. Page, the officer in command, left Red Deer directly after war was declared, and we take pleasure in publishing a partial account of his, and the battalion's record in France.

Lieut.-Col. L. F. Page, the officer commanding the 50th Battalion, proceeded overseas as a lieutenant with a number of men from "A" Squadron of the Central Alberta Horse within a few days after the outbreak of the late war. The colonel's career has been a brilliant record of success.

At Ypres in 1915 he showed his metal, and it was after that first terrible scrap in April, 1915, that he obtained his captaincy. Major Sandeman, his superior officer, had been severely wounded in the head, and it fell to Lieut. Page to get his men out of the difficulty they were then in.

INDOMITABLE NERVE

What happened afterwards is best told in the words of one of his men, who has just returned from the front. He said: "Lieut. Page deserves great credit for his coolness during the fight, for we lost all the officers of our company except him, and, of course, that put a big responsibility upon his shoulders. He got us out of a place where it looked as if it was our last hour, but he got us out, and he did this with the nerve of an old veteran. After this we would follow him anywhere."

At the end of that year, during a brief leave in England, Colonel Page married Miss Rose Laura Whitehouse, at Swanage, near Poole, a sister of P. G. Whitehouse, manager of the Bank of Commerce at Red Deer.

In January, 1916, Col. Page, who was then in command of the 51st Battalion, was slated to return to take command of the 187th, then in the 187th, but this arrangement was afterwards changed.

Before the war, Colonel Page was a young English druggist near Red Deer. When the drums began to beat in August, 1914, he was one of the very first to respond, and having had military training, was given a commission in the Western Canadian Cavalry, which later became the 5th Canadian Infantry Battalion. He sailed with the 1st Division, and, junior sub, in the 5th, was through the campaign of the St. Julien, Festubert and all the other early struggles. Splendid service and the happy chance that saw him through unscathed, brought him rapid promotion, and, before very long, he had risen to second in command of the Fifth.

A HAPPY CHOICE

In the winter of 1917 the need arose for a new commanding officer for the 50th Battalion, which was then associated with Page in the 5th, and who knew and appreciated the worth of the young officer, was no doubt, responsible for the proposition for the command of the Calgary Battalion.

At this time Col. Page was one of the youngest, if not the youngest commanding officer in the army, but he can be no question but that the choice was a most happy one, because the 50th shot into the line in the spring of 1918, and, by pulling off the capture of Hill 145 after another unit had failed, and then, without a breathing spell, went on to the capture of the line from the Plumer, Ever since, through all the heavy slugging of 1917 and the glorious days of the fall of 1918, the 50th made every day its glory under the same careful command.

The 50th holds the record in the Canadian Corps for the number of men who have been killed in action, but this is not because of any hard luck or bad management. Under Col. Page's leadership the battalion became a storm troop, and it is to be noted that the 50th was the only unit to be taken or hard fought to be fought the 50th were pushed to the front and given a heavy end of the job.

Every time the 50th was over every time they went in the line that it was over the top, if not in a big attack, then on a raid, but they were never without without losing men and the 50th used to be the best of our Alberta corps at a terrific rate.

A FINE WITNESS

Col. Page is essentially a line officer. Wherever the storm was thickest there he was sure to be found. No officer there was ever more generally better known to the men generally, because he toured his front religiously. He never shirked a day or danger, and he expected those under him to live up to the same brand of soldierly and manhood.

Out of the line he kept the 50th in the front at the earliest possible moment of all political, economical, financial, social and other relevant considerations in all parts of the world. Every state which is a member of the league should, therefore, undertake to supply the international secretary with all appropriate information."

What is San-tro-pas?

Rev. W. G. Brown, Red Deer, states: "I have seen 'SAN-TRO-PAS' heal wounds in two weeks that have puzzled doctors for months. I say, from five years' observation of its achievements in healing, that 'SAN-TRO-PAS' is a family necessity in every household of the land."

SAN-TRO-PAS have been tested for years by doctors of indisputable ability, who have pronounced it par excellence.

A trial box will convince you of its wonderful soothing and healing properties.

Sold by Red Deer Druggists, Price 50c.

Campbell, Wilson & Horne,
Distributing Agents

Sealed tenders, addressed to the Postmaster General, will be received at Ottawa until noon on Friday, the 11th July, 1919, for the conveyance of His Majesty's Mails on proposed contracts for four years, twice per week on the routes, Red Deer Rural Route No. 2, via Hillsdown; Red Deer Rural Route No. 3, from the 1st October next.

Printed notices containing further information as to conditions of proposed contract may be seen and blank forms of Tender may be obtained at the Post Offices of Red Deer and Hillsdown, and at the office of the Post Office Inspector.

A. W. CAIRNS,
Post Office Inspector.
Post Office Inspector's Office,
Edmonton, May 30th, 1919.

TO THE RATEPAYERS OF MUNICIPAL DISTRICT OF GOLDEN WEST, No. 371.

Please take notice that arrears of Supplementary Revenue Taxes must be paid in cash before credit can be given for road work performed in payment of Municipal Taxes.

I might also advise that this Municipal District does not at present come under the operation of the Hail Insurance Act.

Pupils enrolled from 14 years upwards. Instruction given on all band instruments. Affiliation form and particulars may be had from H. C. Bright, bandmaster, Armouries, Red Deer.

THE NEWS' WEEKLY SERMON

By Rev. G. W. ARMSTRONG

Where there is no vision, the people cast off restraint.—Prov. 29, 18.

These words have a very timely significance today. They cannot be too often repeated.

If ever there were need for clear thinking upon social and religious problems, it ever there were need for men of insight and courage, it is in the present time.

We have reason to rejoice that in the great struggle from which we are emerging the nations that stood for liberty and progress were guided by wise, far-seeing statesmen. What Canada needs supremely in this hour of crisis, is a statesman who will lead the nation in this time of industrial unrest and political uncertainty. Our present leaders are facing the day of severest testing and great issues are at stake.

The converse of our text is equally true: when people cast off restraint, they lose vision. Responsibilities resolutely faced and nobly borne, produce men of conviction and sterling character. Lawlessness and the shirking of duty rob us of the power to see clearly or to think sanely upon the issues of life.

If men of vision are to be secured, we must seek them through four main institutions, the home, the school, the Church and the public press, and these institutions are named in the order of their importance. All of the men received into the ministry of the Methodist Church at the recent conference at Calgary traced the reasons for their calling to this work to the influence of godly mothers and Sunday School teachers. Hitherto, our province has been dependent upon Ontario, the Maritime Provinces and the Motherland for its supply of men for the ministry. The time has come when from our own homes must come the men and women who shall be spiritual leaders in the life of this province.

The Church is clarifying its vision, and unifying its energies for more effective service. Emphasis is being laid upon three vital phases of its work—Religious Education, Social Service and World-wide Evangelization. Steps are being taken to have a survey of Religious Education in this province that we may know how many are being reached in the Church's Educational program, and there is a corresponding movement to organize Sunday School work on scientific principles.

The interchange of ideas between the Church and organized labor can not fail to produce beneficial results. The Church, representing all classes, has a great opportunity today to interpret the viewpoint of opposing

class and racial interests. It will do much to reconcile man with God when it acts as mediator between man and man.

We are thinking today in terms of world-citizenship. A new vision of human solidarity and of brotherhood has come. We need not fear that the social awakening will work disaster. Rather it will produce a new sense of responsibility and a deeper reverence for the laws that are essential to the welfare of mankind.

NEW LAWS AIMED AT BOLSHEVIST AGITATORS.

Ottawa, June 5.—Some sweeping amendments to the criminal code are recommended to the special committee of the house of commons on seditious propaganda. The committee recommends the insertion of a series of new sections in the code. Any association purposing to bring about any governmental, industrial or economic changes within Canada by use of force are, it is recommended, to be declared unlawful. Any property belonging to such unlawful association may be seized and forfeited to the crown. Any member of any such unlawful association is liable to imprisonment for not less than one year and not more than 20 years.

The owner or lessee of a building who knowingly permits the meeting in it of an unlawful association, the committee recommends, shall be liable to a fine of not more than \$5,000 or to imprisonment for not more than five years or to both fine and imprisonment. Penalties of imprisonment for not less than one year and not more than twenty years are also provided in the case of endeavors to circulate or import literature recommending the resort to force as a means of accomplishing any governmental, industrial or economic change.

WEDDING BELLS AT CARSTAIRS

An event of interest to the many friends and relatives in Red Deer and Clearview, took place in Carstairs on May 19th, when John Deas was married to Miss Nellie Dixon, one of the most popular young ladies of Carstairs. The happy couple left immediately after the ceremony for Banff on a two weeks honeymoon. Mr. and Mrs. Deas on their return will reside in Edmonton, where Mr. Deas has a splendid position in the power plant. We all join in wishing them a long and prosperous married life.

NOTICE

G. W. V. A.

In order to make the Veterans' Day at the Fair a grand success, it is the wish of our Executive that every member of the G.W.V.A. will consider himself called upon to boost for the Red Deer Fair, and particularly Veterans' Day. Any suggestion, therefore that each member can offer will be gratefully received. Please have these suggestions in writing left with the Secretary.

CHAS. SINCLAIR,
Secretary, G.W.V.A.

New Giant C.P.R. Locomotive

Ten of the largest locomotives ever built for use on Canadian railways have been under construction for some time at the C.P.R. Angus Shops in Montreal, and one of these, No. 5302, was inspected the other day by President E. W. Beatty, and Vice-president Grant Hall. These locomotives are of the heavy Mikado type and are intended for freight service, being designed and built under the direct supervision of Mr. W. H. Winterrowd, the Chief Mechanical Engineer.

The weight of the engine and tender in working condition is 500,000 lbs., the engine alone weighing 323,000 lbs. The diameter of the driving wheels is 63 inches. The cylinders are 25 1/2 inches in diameter by 32-inch stroke, which with 290-lb. boiler pressure makes these locomotives capable of exerting a maximum tractive effort of 36,000 lbs. The diameter of the boiler is 80 inches at the front end and 90 inches at the back end. The fire box is 84 inches wide and 120 inches long, and the grates are moved by steam grate shakers.

The cab is of the vestibule type, which is the C.P.R. standard, and every effort has been made to make the accommodations for the engine-men as comfortable as possible. One side of the cab is fitted with a clothes locker 14 inches by 20 inches wide, in which clothes can be hung and lunch pails carried.

The tender has a capacity for 12 tons of coal and 5,000 imperial gallons of water.

President E. W. Beatty and Vice-President Grant Hall, of the C. P. R. snapped after inspecting the new engine.

WEDNESDAY, JUNE 11, 1919.

WHO WILL BE THE CANDIDATE?

The U.F.A. convention for the purpose of bringing out a candidate is in session in Red Deer today. We do not think there is a constituency in Canada with a sitting member who is more in accord with U.F.A. principles than the member for Red Deer, Dr. Michael Clark.

He is a loyal citizen, he is a consistent free trader, and, above all, he is an active farmer.

He has been turned down by the Liberals because he supported the Union Government loyally when our country was in danger, and because he charged the Liberals with talking free trade when they were really as much a high tariff party as the Unionists.

The U.F.A. delegates will be wise in selecting Dr. Clark as their candidate. If they do, Mr. Puffer will be defeated by a bigger majority than he was at the last election.

On the other hand, if the U.F.A. brings out a candidate, Dr. Clark runs on a Liberal and a Socialist is placed in the field, there will be quite an interesting campaign, fraught with many possibilities, and with spice enough to suit all classes in the riding.

A NEW CONSCIENCE.

In a time like the present, when men have to decide their attitude to a number of new and perplexing problems, ethical and religious teachers are expected, says the Mail and Empire, to give clear guidance as to the principles on which such questions should be determined. We are sometimes told that conscience is a sufficient guide. It is described as the still, small voice of God speaking in the human soul and guiding us infallibly to right conduct. But this view of conscience is beset with grave difficulties, for it is obvious that conscience leads some men to courses of action which others feel to be utterly wrong. Some men, for example, are guided by what they call conscience to refuse to perform military service, and by the use of the phrase, "conscientious objectors," we admit that they, or some of them, at least, are acting conscientiously. Others under the same circumstances feel themselves bound by conscience to take arms. What is this conscience which seems to guide men in diametrically opposite directions?

The solution of this difficulty will be found in the fact that every man has a standard of conduct, however low, and he acts conscientiously when he tries to live up to that standard. But the standard of one man is not the standard of another. The standard of one society differs profoundly from that of another. The standard of one time is vastly higher or lower than that of another. The need of our time, as of every time, is a higher standard. It is not enough for a man to conform to the conventional standard of his time and circle, which may be on many questions miserably low and false. Progress is made when the conscience of the individual becomes educated and enlightened, and he sets before himself a new and higher standard and definitely rejects the conventional

views of the matter. It is just here that the churches can render inestimable service. By the clear, forceful preaching of higher ideals they may lead men and women to be more and more dissatisfied with conventional standards and current modes of life. They have a mission to show men how wrong are many things which they have hitherto shared or acquiesced without scruple. There are some things working havoc amongst us now which, if men's consciences were enlightened in this way, would not be tolerated for a day.

One of the great needs of our time, concludes the Toronto paper, a new conscience, that is a higher standard of conduct and life for the ordinary citizen. It must not be a sophisticated or unbalanced conscience like that of the ancient Pharisee who scrupulously to the mint and anise and cummin, but left undone the weightier matters of the law, judgment, mercy and faith. Such a conscience is not unknown today. Our need is for a conscience educated on the soundest principles and illuminated by light from every possible quarter. We are ready to give heed to any preacher who will make further progress possible by bringing us new light on the practical conduct of life.

A Toronto paper tells us that broilers there are in such demand, the price has dropped to 55 cents per pound live weight. Wonder what it was before the drop?

CLEARVIEW.

The right men in the right place—the Connors outfit putting the roads aright.

We are pleased to hear that Rev. Mr. Suter is to be with us for another year.

Miss Louise Goodacre spent a few days last week with friends in Innisfail and Calgary.

Mr. and Mrs. Chris White, Jr., Miss Gwen Richards and Mrs. Chris White Jr., and son Donald motored to Hanna, where they are spending a week with Mrs. Herb De Bow.

Sophus Jorgensen left on Monday for Peace River to locate some land.

Alwyn Patterson, who joined up with the 80th and transferred to the tenth has returned from overseas bringing a real British bride along, and is now living with his father on the Chalmers place.

He was wounded in the arm at Vimy. On Friday afternoon, May 30th, the scholars of the Clearview school had a very pleasant surprise when Mr. and Mrs. Spiers came to the school with a car load of good things to eat: cakes, candies, lemonade, oranges, and a big can of delicious ice cream. They also brought along their Victrola and treated the scholars to some choice selections. The Spiers' boys presented the scholars with an excellent football, which has since been much in evidence at play time. Mrs. Hepworth and her children with Miss Elva Makelom came from Red Deer to join in the festival.

Mr. Ronald Doctor of Chiropractic, arrived in Red Deer last Friday, and will from now on assist Dr. Bonsall, chiropractor, in his work. We are glad to welcome the lady doctor of chiropractic to Red Deer.

EDMONTON EXHIBITION PRIZE LIST

A copy of the prize list for the Edmonton Exhibition, July 2-12, is to hand, and contains a very attractive list of prizes in all departments. Approximately \$45,000 is offered in all departments, by far the largest proportion of this money being in the horses, cattle, sheep and swine classes. The poultry prize list is also very liberal. The classes for agriculture and horticulture, dairy products, domestic manufactures, arts and crafts, needlework and school children's work are practically a new war basis, and the returned soldiers' department embraces all work taken up in the vocational training branches. The entries close on June 24th. Miss Agnes Stark asks those who have not yet received copies of this book to write for same.

EASTERN STAR.

Grand Chapter Holds Largest Session at Red Deer

The eighth annual session of the Grand Chapter of Alberta, Order of the Eastern Star, convened at the Masonic temple, Red Deer, Wednesday morning, with about 125 members in attendance, and Most Worshipful Grand Master Mrs. Chas. E. Norton, of Canby, presiding, supported by Bro. David J. Barnes, of Calgary, Worshipful Grand Patron. Every Chapter except two was represented, and the outside attendance was possibly the largest the Order has yet had in Grand Chapter.

An address of welcome was extended on behalf of the Masons by Mr. W. J. Botterell, Deputy Grand Master of the Grand Lodge of Alberta, A.F. & A.M., and by Mrs. Clara Stone, Past Matron, on behalf of Venus Chapter. Reply was made by Sister Kizzie C. Dulles, Athabasca, Associate Grand Matron. Past Grand Matrons Mrs. Duff, Oile; Mrs. Kenny, Wainwright; Mrs. Carter, Edmonton; and Past Grand Patron S. J. Blair, Calgary; Mitchell, Albi; and Ritchie, Banff, were present.

The addresses of the Grand officers reviewed the work of the year. The membership was now 1250, with 28 Chapters, four having been formed during the year; the membership showed an increase for the year of 250. The General Fund had receipts of \$149 for general purposes, while the Home fund, established this year and with \$380 to its credit, will probably be used for the dancing and the children of deceased members, especially of those who had fallen at the front during the war. The social and charitable work of the Order was also referred to. The election of officers resulted as follows:

Worthy Grand Matron—Mrs. Kizzie C. Dulles, Athabasca.

Worthy Grand Patron—T. H. Wilson, Edmonton.

Associate Grand Matron—Mrs. Mary McLennan, Lethbridge.

Associate Grand Patron—Bro. T. P. Newman, Pincher Creek.

Grand Secretary—S. J. Blair, Calgary.

Grand Treasurer—Mrs. Mary E. Pidgeon, Red Deer.

Grand Conductress—Sister Jennie M. Blair, Calgary.

Associate Grand Conductress—Sister Alice Darlow, Albi.

In the evening the members of Venus Chapter and the citizens entertained the visitors at a reception at the Athabasca Lodge on four hundred being present to enjoy the happy evening. Lynch's orchestra supplied choice music for the dancing, and the lady members of Venus Chapter put up a beautiful supper for their guests.

The affair passed off with much order. The hospitality of the Red Deer friends was very much appreciated.

Mrs. S. V. Day, Worthy Matron of Venus Chapter, and her Committee of Conventions and members are to be heartily congratulated on the result of their hard work for the comfort and pleasure of their visitors.

MUNICIPAL HAIL INSURANCE

WHY YOU SHOULD INSURE IN YOUR OWN COMPANY.

The Hail Insurance Board, established under the provisions of the Municipal Hail Insurance Act has established headquarters in Calgary with offices at the Canada Life Building.

The officials are farmers, many years standing, men who have had practical experience on the land, as municipal officers, and with hail insurance. The adjusters have been appointed and everything is in readiness for the season's operations.

Those who are taking advantage of the act and insuring their crops with this Board are assured of a square deal.

There are many reasons why the farmers of Alberta should support this plan of Hail Insurance. Space will not permit to give all the details, but a few can be enumerated that will show the farmers that to be insured with this Board is absolutely safe.

(1) The Farmers' Own Company, it is endorsed by the U.F.A., by municipal conventions, and by the majority of the organized municipal districts of the Province.

(2) Insurance at Actual Cost. There are no commissions to be paid to agents and no profits to be paid to shareholders.

(3) Absolutely Fair Adjustments. The staff of adjusters appointed by the Board are all farmers, everyone of them having crops of their own that they would be ruined if they were not insured with this Board.

(4) Settlements Made Promptly. The Board has arranged for sufficient funds to take care of any amount of business. They have a credit of \$1,000,000 and can get as much more as they require.

(5) A Cash Repayment on a Credit Basis. The rate is struck in September, but the premium is payable at any time until December 15th. The rate is low and the farmers pay all losses in full, and the cost of administration, and to provide a small surplus for the better carrying on of the business.

Everything else being equal, it is a matter of dollars and cents to the farmers. The line companies, by their own figures, have made big profits during the last five years in the Province of Alberta. There is no reason why this money should not

CITY OF RED DEER

TAXES

10% discount will be allowed on all current taxes, excepting frontage and government taxes, paid by June 30th.

ARREARS OF TAXES

The City Commissioners will discuss with any property owners in arrears of taxes to the amount of \$20.00 or over the question of granting an extension of time for payment of arrears. This should be arranged before June 25th.

PENALTY ON ARREARS.

On July 1st, 5% penalty will be added to all arrears excepting on those properties for which extension of time has been arranged by arrangement.

REBATE TO WAR VETERANS.

A rebate of all penalties charged on arrears of taxes on properties owned by soldiers or sailors serving with any of allied forces will be allowed from date of enlistment to date of discharge.

GOD SAVE THE KING.

FOOTBALL.

Veterans v. School. An interesting game was played at the Exhibition Grounds on Tuesday last when the representatives of the Veterans and the Schools lined up as follows:

Veterans: H. E. Haate, captain, W. Coleson, J. McDonald, R. E. Jones, G. Carwell, W. Patterson, H. Cotton, A. H. Beardsell, J. Steadman, G. W. Bellerby, J. McBeth.

School: Stewart Meeres, captain, J. Rogers, R. Townsend, V. Currie, E. Galbraith, R. Munro, C. Baile, W. Reid, F. M. Fowler, C. Linn, W. Day.

The school was the toss and play started at 7.15 with a hustle toward the school goal. It was soon evident that the veterans were too heavy for their youthful opponents and most of the play was in the school half.

After ten minutes play McBeth took the ball down on the left and drew the school defenders away from their goal. A quick push over left Patterson with the ball about a yard from the school goalkeeper, and he had no difficulty in popping it past Rogers for the first goal. The rest of the first half was fairly evenly contested. The school strove hard during the second half to wipe off its arrears, but found the vets' backs were too lusty for anything to materialize.

The second goal came from Coleson about midway in the second period, after Patterson had missed a good chance in the middle. Coleson's shot from the wing was a good one, Rogers being a little too short in the reach to handle it properly. The school made a valiant showing after this but could not reach the top of the field for any length of time, a good and fast game ending with the veterans leading two to nothing. The referee, Mr. T. H. Fawcus, of The News, handled the game in a very capable and fair manner.

While beaten the school have no reason to be discouraged as they fought a valiant fight against a much heavier and more experienced team, and some of their players, in particular "Scout" Reid, have the making of good players. Stick to it, lads.

A good many spectators were down to see the game, and it is to be hoped the citizens will turn out and encourage the boys.

They were retained in the pockets of the farmers, and at the same time they will receive the same protection on their crops under the municipal hail insurance plan.

If any further information is desired, apply to the Secretary-Treasurer of your municipal district, or to the Hail Insurance Board, Box 140, Calgary, Alberta.

RED DEER CAMP MEETING

We are glad to announce to the people of Red Deer and surrounding communities that the annual camp meeting of the Nazarene Church of the district of Alberta is to be held in Red Deer, July 4th to 13th, inclusive. Evangelists Lewis and Matthews, who were here last year, will be in charge of this camp; and who heard them then will know that this is a good music and the preaching of the gospel of Christ in all its fullness and simplicity. Every one will receive a warm welcome at each service.

Send the "ad" about the wallpaper sale at H. G. Stone's. A copy of this paper is worth ten cents of any purchase.

Chiropractic

KI-RO-PRAK-TIK

For acute and chronic disorders of the body. Do not think that because you have no pain in you back that your spine is in perfect alignment and needs no adjustment. Many people have that impression. But no matter what your ailment is, see the Chiropractor and let him examine the spine, and he will tell you whether or not you can get well or even relieved of your trouble by taking CHIROPRACTOR ADJUSTMENTS.

LOCATION

It matters not where the location of your trouble is. It is bound to get its nerve supply from the brain by way of the spinal cord through openings in the spinal column, and after the nerve is once outside the spinal column, they reach the most minute part of the entire body, and if one of these nerves are shut off, or even partly shut off, there will be disorder in the part it supplies.

"TRADE WHERE THE TRADING'S GOOD"

RED DEER FAIR

Directors Forwarding Organization and Preparation for July 12-16

At a meeting of the Directors of the Red Deer Agricultural Society on Wednesday evening at the Secretary's office there were present Messrs. D. W. McKinnon, President; E. W. Wells, Secretary-Treasurer; Bjorkeland, Weliver, Bjorklund, Kenny, Waldo, Don Bowen, McPherson, Whitcomb, and Galbraith.

Correspondence from the Live Stock Branch, Department of Agriculture, Ottawa, and from Senator Michener, was read showing that the Dominion Fair grant for 1918 of \$250,000, earned on the basis of the 1918 Fair pay-out of prizes, would be paid in July. The 1918 Fair prize list of \$125,000 offered in prizes had been made out on the expectation of a 1919 Dominion grant. Senator Michener was thanked for his interest.

The committee reconvened at the grounds reported progress. The committee suggested that a corner of the building next to the main building be set aside for rest room, toilet, washroom, etc., for women, under charge of the W.C.T.U. Other suggestions in regard to outside toilets were made, and Mr. Galbraith was authorized to take up the cleaning up of buildings and fixing of closets with the City Commissioners. The committee will meet with the lady directors of the R.D.A.S. and representatives of the W.C.T.U.

Messrs. Coote, convenor; Weliver and McEwan were appointed the Race Committee. The Attractions Committee—Kenny, Campbell and Weliver; and the chairman of the Live Stock Committee were made the Programme Committee. Mr. McKinnon was in charge of the inside exhibits, will be asked to submit a list of Stewards and Judges for the next Directors' meeting on June 18 at the Fair grounds.

Mr. F. C. Whitcomb reviewed the work of the boys' and girls' club for 1918. He regretted very much that pressure of other work and health considerations prevented him taking up the work again for 1919, and he had failed to find a substitute; he had covered 1200 miles by auto in this work last year. Mr. Whitcomb's resignation as Secretary-Manager of the Club was accepted with regret, and the thanks of

the Society were tendered to him. It was decided to leave the Pig Club in abeyance for this year, as the season was late and the Secretary-Manager was not in sight.

After a long discussion as to how grants of breeders' Associations were being prejudiced and lost because of the failure of exhibitors in pure bred stock to produce their registration certificates, and as to methods to be taken to avoid this, some favoring the retention of all prize money won by the exhibitor to the extent of the breeders' Association grants affected by the incomplete registration; it was finally decided to leave the matter in the hands of the stock committee to deal with such cases.

The committee on the main building favored fixing up the east side and centre somewhat similar to the west side. The report of the Committee and the application of the W.E. Lord Co. for space was referred to the concessions committee.

The procuring of prize-ribbons and badges was left to the Advertising committee with full power to act.

Mr. Kenny's report on admission prices, etc., after discussion, was made the first order of business for the next meeting, estimates on increased seating accommodation at the grandstand to be submitted.

The meeting adjourned at 11.30.

ALMOST IMMORAL IN INADEQUACY

"The nude in sculpture suffices," in the comment of the Duchess of Somerset in the Weekly Dispatch on what is called the "Outrageous dress" now being worn in the British metropolis. Agitation against these extreme styles is growing stronger as some of the newest creations appear. The Marchioness of Townshend described the prevailing fashion as "almost immoral in its inadequacy," while Paris reports skirt split to the hips. London can retail with its \$125 silk hose to be worn only with clothing that show them. Lady Hastings criticizes the new styles as "Day undress and evening no dress." Camouflage stockings are now appearing with zigzag and cabaret lines by which to warn principally with ultra short skirts.

FORMER MAYOR OF BIRMINGHAM, ALA. ENDORSES TANLAC

"You Will Hardly Know Me When We Meet Again, For I Am Getting Well," He Writes Friend.

One of the latest additions to the list of leaders of thought and action who have come forward with their unqualified endorsement of Tanlac is the name of Hon. Frank V. Evans, former Mayor of Birmingham, Ala., ex-State Examiner of Public Accounts of Alabama, and at one time editor of one of the South's greatest newspapers, the Birmingham-Age Herald.

Writing to a personal friend in Atlanta, Mr. Evans says:

Birmingham, Ala., Feb. 2nd. "I am getting well, and I will hardly know me when we meet again, because I am getting so well and strong again. As I told you while in Atlanta last month, I have been suffering a long time with gastritis, and the doctors could do nothing for me. For weeks I could not sleep on my back.

"One week ago, upon recommendation of friends who had tried the medicine, I purchased one bottle of Tanlac and began taking it. Since my second dose I have suffered none of these troubles to which I refer, and really believe I am going to get perfectly well and strong again. Well, that is wonderful at my age. Won't you let it be known that Tanlac is a wonderful medicine, and you know I am not given to puffing mere experiments, and am rather orthodox as to material medicine.

"I shall continue the treatment with perfect confidence in the final results."

Signed "Frank V. Evans."

Commenting on this splendid endorsement of Tanlac, G. P. Williams, International Distributor of Tanlac, said:—

"Although the list of endorsers is a long one, I recall a few leading names that lend both dignity and credit to the entire array. Some of them are:

Hon. C. W. Mangum, of Atlanta, Ga., for three years Sheriff of Fulton County; Hon. Moses R. Glenn, Superintendent of Printing for the State of Kentucky; Mr. E. C. Cooper, President of the Georgia Cotton Oil Company; Mr. H. W. Hill, Bank President of South Pittsburgh, Tenn.; Mr. J. F. Correll, Cotton Mill Superintendent of Chattanooga, Ga.; Hon. A. E. Anderson, of Houston, Texas, for seven years Sheriff of Harris County; Hon. S. S. Shepard, ex-City Councilman of Atlanta, and many others whose names have heretofore been given to the public."

Tanlac is sold in Red Deer by Gates-Cornett Drug & Book Co., in Stettler by Palace Pharmacy, Ltd., in Eckville by Eckville Drug Co., and in Veteran by Veteran Drug Store.

SECOND SPRING CROP REPORT OF DEPARTMENT OF AGRICULTURE.

A report of crop conditions in a previous crop bulletin of May 15 was favorable for the whole of the province. Southern Alberta at that time had received an equitable distribution of moisture so that conditions for seeding were favorable and in most cases there was a slight reserve of moisture. Generally fall plowed land and stubble land showed little reserve of moisture, but on summer-fallow land the crop was up and making steady progress. Seeding operations throughout the province were going along satisfactorily and were advanced to a degree fully up to the average at the same date. There also appeared to be a rather substantial increase in acreage amounting to eighteen or twenty per cent above the area in crop for last year.

The breaking of the hard frosts since the 15th of May conditions have not been wholly favorable. While seeding operations were fairly early, growth has not been correspondingly rapid. There has been a good deal of wind in the province this year which has done considerable damage to the crops. This occurred chiefly in the east and south but winds were general, and though not always hot, the high velocity of the wind did a good deal of local damage. In a few other localities some injury from blowing took place. Until the last week of May the crop has been standing up fairly well throughout the province, but in the southern and eastern sections of the province the drought was telling on the strength of the grain and conditions for the first time this spring were not wholly favorable.

On the 23rd of the month rain began to fall in some parts of the province and by the 24th beneficial showers of rain were falling practically in every part of the province. In Central Alberta and also in the Peace River country there was more snow. The rain was heavy in the Edmonton district and east. There followed the rain rather low temperature and the tips of young oats were reported slightly frozen but only in one or two cases. At Lethbridge and Medicine Hat and generally along the Crow's Nest Railway good rains fell on the 29th and there was more rain in prospect. There would be sufficient to restore the freshness of the crop but more rain is required for continued growth. In most parts of the province the rain was adequate to present needs.

In the drier parts of the province cattlemen have been doing considerable damage. These were working in Vulcan, Retlaw, Carmanagay and Macraigh areas, also farther north at Claresholm, Olds, Innisfail, Red Deer and Lacombe. In some places reseeding has been necessary on account of the cutworm damage, but the coming of the breaking showers has expedited the damage.

In some places reseeding has been necessary on account of the cutworm damage, but the coming of the breaking showers has expedited the damage.

In the drier parts of the province cattlemen have been doing considerable damage. These were working in Vulcan, Retlaw, Carmanagay and Macraigh areas, also farther north at Claresholm, Olds, Innisfail, Red Deer and Lacombe. In some places reseeding has been necessary on account of the cutworm damage, but the coming of the breaking showers has expedited the damage.

TARIFF ON IMPLEMENTS REDUCED; WHEAT FREE IMPORT

GOVERNMENT BUDGET REMOVES 7 1/2% WAR TARIFF, EQUALIZES FREIGHT RATES AND RAISES INCOME TAX.

Ottawa, June 5.—The tariff proposals announced by Sir Thomas White include the removal of the war tax of 7 1/2% on an increase in the British preference on tea and coffee, freight rates on agricultural implements to the west are to be reduced, and in the west there is a reduction in duty on plows, portable engines, traction engines and threshing machines from 27 1/2 to 17 1/2 per cent. The duty on hay loaders, potato crushers, fodder or feed cutters, grain grinders and fanning mills are reduced from 32 1/2 to 20 per cent. On cultivators, harrows, horse rakes, seed drills, manure spreaders and weathers are reduced from 27 1/2 to 15 per cent. There is also a large increase in the income tax, particularly upon large incomes. The business war profits tax is also renewed for another year.

THE SALIENT FEATURES.

Following are the salient features of the government budget proposals: The British preferential 5 per cent war tariff is repealed and the 7 1/2 per cent war tariff is removed from foodstuffs, linen and cotton clothing, boots and shoes, fur caps and fur clothing, hats, caps, hoodies and bonnets, gloves and mittens, collars and neckties, handkerchiefs, harness and saddlery, agricultural implements, petroleum, mining machinery and bituminous coal. There are also reductions from the pre-war tariff including a reduction of five cents a pound in preferential, intermediate and general rate on coffee, and three cents on British-grown tea. Free importation of wheat, flour and potatoes from countries that admit free these articles from Canada. Soft ash is reduced from a preferential rate of five cents to a fifth of a cent per pound, and from 7 1/2 per cent general tax to three-tenths of a cent.

The 7 1/2 per cent war tariff is removed from implements and substantial reductions are made in the pre-war rate on implements. The war and general rate of 27 1/2 is reduced to 15 per cent on cultivators, harrows, horse rakes, seed drills, spreaders and weathers; from 27 1/2 to 17 1/2 on plows, cutters, grain crushers, fanning mills, hay tedders, farm or road rollers, post hole-diggers and other agricultural implements. A reduction of from 32 1/2 to 20 per cent on farm wagons.

FOR COMPENSATION.

On cement the war customs duty is repealed, and the regular tariff rate is reduced by two cents to eight cents per hundred pounds. It is estimated that the tariff changes will cause seventeen millions of a loss of revenue a year. To compensate the manufacturers of implements for loss of protection the government has arranged with the railways for reduction of freight rates to the Canadian west, the Chicago rate being fixed, and to compensate the railways for the loss of freight the 7 1/2 per cent duty on bituminous coal is removed. And owing to a reduced purchasing power a loss of ten millions additional in customs tariff is estimated, making the total reduction or loss twenty-five millions. To make up for this loss a heavy increase is proposed in income taxation. Corporations are to pay 10 per cent on all income in excess of \$2,000, dividends to shareholders being given credit for this in the normal tax they have to pay. Individuals unmarried are to pay 4 per cent on incomes from one to six thousand, and two to six thousand, married. There is a normal tax of 3 per cent on all incomes above six thousand.

TAX ON INCOMES.

A surtax will commence at five thousand instead of at six thousand as in the past. Incomes from five to six thousand pay 1 per cent; six to eight 2 per cent, and an additional charge of 1 per cent for each \$2,000 increase in the income is charged until on incomes of from \$98,000 to \$100,000 the surtax rate is 48 per cent. On large incomes the scale rises to 52 per cent on incomes between one hundred and one hundred and fifty thousand; 60 per cent on incomes from \$200,000 to \$300,000; 63 per cent on \$300,000 to \$500,000; 64 per cent on \$500,000 to \$1,000,000, and 65 per cent above \$1,000,000. The increases are substantial, the old charge on a \$3,000 income being \$20, and the new charge \$40; on \$8,000 the old was \$268, and the new will be \$370. The Business Profits War Tax Act will be renewed for the current year so as to make it apply to the accounting period of Dec. 31, 1919. The business profits tax on profits above the 10 per cent rate is 25 per cent on capital between \$25,000 and \$50,000 with profits, and on companies with capitals above \$50,000, with 7 per cent exemption there is 25 per cent on profits above 15 to 20 per cent and 75 per cent on profits above 20 per cent. There is a warning that the business profits tax cannot be continued much longer without injury to the country, and the announcement of a ministerial commission to study the economic condition of the country and

OUTSTANDING FEATURES

There are five outstanding features to the 1919-20 budget:

1. The British preference restored to its pre-war basis. The 7 1/2 per cent extra war duties added to the general tariff in 1915 is removed from more essential articles.

2. There is an average net reduction of about 4 per cent. in the pre-war duties in all agricultural implements.

3. The Canadian income tax is broadened and deepened to a point almost as severe as that which exists in Britain and the United States.

4. Our business war profits tax, as severe an excess profits tax as was ever imposed in any country, is retained, this despite the fact that the British war profits tax has been reduced by Mr. Chamberlain to 40 per cent.

5. The figures of projected necessary expenditure and of available revenue to meet it, which reveals the seriousness of the financial situation. As for the reductions (not on agricultural implements, western low tariff men should have no complaint in regard to them. They are the precise reductions provided for under Mr. Fisher's Reciprocity Act, Sir Thomas White having apparently taken the famous 1911 proposals as his 1919 model. The same thing can be said of wheat, wheat flour and potatoes. They are made free, just as was provided by the Reciprocity Act with the added step toward Cobdenism, however, that they are made free, not only to the United States, but to any country which makes them free to us. In addition, moreover, there are other reductions from the pre-war tariff, including the cutting of 50 a pound of the preferential intermediate general rate on coffee, and on British-grown tea, and the substantial reduction on soda ash. Taken all in all, the loss of revenue resulting from these tariff reductions is estimated with a reduced purchasing power considered at \$25,000,000; a very considerable amount considering the gap to be bridged between contracted expenditure and visible revenue to meet it.

HAIL! HAIL! HAIL!

Questions and Answers re The 50-50 Hail Insurance Society

1. Ques.—What does "50-50" mean?

Ans.—When the losses and expenses have been paid in any year, fifty per cent, or one half, of the profits are returned to the assured, and fifty per cent, or one half of the profits, are placed to the Reserve Fund of the Society, at the end of the hail season.

2. Ques.—Does any one receive profits from this Society except the assured?

Ans.—NO—NOT ONE. The Company belongs to the farmers, and they receive all the benefits. In other words, the "50-50" supplies Hail Insurance strictly at cost.

3. Ques.—Should the Cash Premium Income and the Reserve Fund not be sufficient in any year to pay the losses and expenses, what would be the outcome?

Ans.—The assured who sustained a loss would be paid pro rata. Say a loss were \$300.00, and the losses and expenses of the Company amounted to 105% of the income and reserve fund, the assured would receive \$285.00, instead of \$300.00. But he would have a chance to get \$15.00 back the next year, if he insured with the Society again, as it might be a light hail year, and the profits would be very large, such as 1915 or 1918.

4. Ques.—The year 1916 has been admitted the worst year for hail in the history of the Province of Alberta. Taking the average of all the companies doing business that year, from the Government reports, how would the Society have paid out, if it had no reserve fund?

Ans.—The average premium rate in Alberta for 1916 was approximately 7 per cent. Had it been approximately 9 1/2 per cent, as it was in 1918, the companies would have made a profit of 11 per cent. In 1916. Therefore, the "50-50", on the same basis, could have a loss of 11 per cent. more than the companies had in 1916, and still pay 100 per cent. on its losses.

5. Ques.—What were the average profits of the companies, as per the Government statements for 1918, when they received approximately 9 1/2 per cent. premium?

Ans.—There were seventeen companies doing business in Alberta in 1918, taking in a total premium income of \$1,039,027. Their losses were a total of \$180,866.00. Their average expense ratio was, say, thirty per cent., amounting to \$311,707.00; making their total losses and expenses \$492,573.00, and leaving a profit of \$546,454.00, or 51 3/4% of the premium income.

6. Ques.—What profit would the assured receive back from the "50-50" in 1919, if 1919 is as profitable a year as 1918, on a \$150.00 premium?

Ans.—Premium received by Society\$150.00
Losses and Expenses, 48 1/4% 72.37
Profit, 51 3/4% 77.63
The assured would receive 50% of \$77.63, being 38.82
The Society would place in their Reserve Fund 50% of \$77.63, being 38.82
Percentage of premium refunded to assured 25.87%.

7. Ques.—The above year of 1918 was a good year for the companies, but what profit would a farmer have received from the Society in 1916, providing the rate had been approximately 9 1/2% on \$150.00 premium?

Ans.—Premium received by Society\$150.00
Losses and Expenses, 89% 133.50
Profits, 11% 16.50
The Assured would have received 50% of this \$16.50 8.25
The Society would have placed to their reserve fund 50% of this \$16.50 8.25

8. Ques.—What are the chances of the "50-50" Society not paying 100 per cent. of the losses in 1919, while it has no reserve fund?

Ans.—PRACTICALLY NIL. Go over the above figures again carefully, and draw your own conclusions. The year 1916 was generally admitted to be the worst hail year in the Province of Alberta, and we would have had a profit of 11 per cent.

9. Ques.—Why does the Society not take Note Premiums as well as cash?

Ans.—Because we are saving the expenses of collection, and by sticking strictly to cash premiums we will be able to pay fifty per cent. of the losses to the farmers as soon as adjusted, and the balance of the same will be paid at the end of the hail season, which should be about October 15th of each year. Whereas, if we took Note Premiums we would not settle in full until probably January of next year, and still there would be a lot of notes not paid.

10. Ques.—Will the Society cut the Stock Company Association rates?

Ans.—NO. We know these rates are high, but if the losses are small the assured will receive back that much more, and if the losses are large, there is practically no danger of the Society not being able to pay 100 per cent. of their losses.

11. Ques.—Does the big Western Adjustment Bureau of Winnipeg, which does all the adjusting for the Stock Companies in the Association, adjust losses for the "50-50"?

Ans.—DECIDEDLY NOT. The Society has engaged adjusters with years of experience. They are farmers, and know hail losses, and know crops; not bluffers. And their instructions are to allow the actual damage, no more and no less. This is a Mutual Hail Insurance Society, founded by farmers, and operated by farmers, which means they are men who know and grow grain. They know how a loss by hail pinches, and they have no desire to best their brother farmers.

12. Ques.—Do you re-insure?

Ans.—Yes, our line limit in the best districts is \$10,000 to the township, and in more hazardous districts as low as \$3,500.00 to the township. We have excellent re-insurance arrangements.

Women's \$4.50 and \$6.00 Pumps and Oxfords CLEARING \$2.95

This is a real snap for those who are contemplating the purchase of summer footwear. They are in broken lines from regular stock, in a great variety of styles, including plain and Colonial Pumps and Oxfords; the leathers are Patent, Swede, Gunmetal Calf and Kid, in different style toes, and with high and medium low heels; mostly all sizes but not in every style.

Special Clearing Price \$2.95

Gossard Corsets

Every Gossard Corset is hygienically correct and the complete expression of modern corsetry. It will give a priceless all-day comfort. It will safeguard the wearer against those bodily ailments that are often the result of improper corsetry. It will render a wearing service that alone is worth the price paid for the argument. Buy your corsets carefully. To quote the well-known medical authority, Alice S. Culter, M.D., "No one wants to be ill, and when women realize that the constant wearing of an ill-fitting corset helps to keep our hospitals open they will insist on being properly fitted to corsets instead of buying them hit or miss."

The more you know about correct corsetry the more you will appreciate the superiority of Gossards from the standpoint of comfort, hygiene, style and wearing service.

Balbriggan Combinations 1.75 and 1.95

At these prices we are offering two splendid values; they are in white or natural color, of good quality Balbriggan yarns, short or long sleeves, and ankle length; all sizes.

Priced at, per suit \$1.75 and \$1.95

Merino Combinations 2.35

For men requiring a slightly heavier garment, they will find this a very satisfactory wearing garment, knitted from good strong yarns, in closed crotch style; all sizes 34 to 44.

Priced at, per suit \$2.25

Balbriggan Shirts and Drawers

At 90¢ per garment

These garments are very cool and comfortable, for men who prefer two-piece garments; knitted from good quality cotton yarns, in long sleeves and ankle length drawers; all sizes 34 to 46.

Priced at, per garment 90¢

You will be pleased with the dainty new styles in lovely summer dresses for the children, and so moderately priced. There are beautiful little dresses of Voile, Muslin, Gingham and fine quality Percales and Chambray, daintily made and trimmed, for girls, ages 4 to 14 years, and priced at \$1.65, \$1.85, \$2.50, \$3.50, \$3.75, and \$4.50

ANARCHIST BAND NOW OPERATING IN UNITED STATES

BOMB EXPLOSIONS TAKE PLACE
SIMULTANEOUSLY IN SEVERAL
IMPORTANT CITIES

Washington, June 3.—An organized band of anarchists is responsible for bomb explosions last night simultaneously in Washington, Pittsburgh, Cleveland, New York, Boston, Philadelphia, Paterson, N.J., and New York City. Persons for whom bombs were intended all escaped, but one watchman was killed in New York, and one of the plotters was blown to pieces in Washington City, when an infernal machine intended to victimize Attorney General A. Mitchell Palmer exploded prematurely.

The dead anarchist was an Italian, who came from Philadelphia, where the headquarters of the whole plot are supposed to be. Well-written anarchist literature was scattered in all the above cities at the same time. Most elaborate plotting in the history of the world is being arranged for probable fresh scenes of the bomb campaign. Radicals are being rounded up in hundreds in New York, and elsewhere in the federal house is probable to meet this new form of violence.

HANK IS NOW PLAIN "MR. SMITH"

Plain and safe is now the motto of Hank Ebert, a native of Wexford, Va. He wants a new name and he wants it quick, and he wants one guaranteed not to clink, rattle or corrode. Hitherto Hank has been out of luck in the matter of names. When the United States finally took a long breath and jumped into the war, Hank's last name was Kaiser. For a label like that he soon found himself in Dutch with the neighbors, so he hastened to court and had it changed to Ebert. He thought he was safe, but luck was against him, and he found himself in wrong again when President Ebert addressed him, making his mark on the dotted line at the bottom of the Allies' peace terms. So a couple of days ago Hank bobbed up in court with another request for a new moniker. This time he's not taking any chances. "I'm going to play safe," Hank told the judge. "Just make it plain Mr. Smith—that ought to be a sure thing."

GERMANY'S FINISH.

Prince Lichnowsky says the peace terms mean "this Germany." It will be good news to all pious and peaceable men. If any great nation is to have the beginning of time deserved to have "this" written against it, that nation is the Germany of the Kaiser. Then again, Germany's finish as an automatic Kaiser-riding nation must be the beginning of a new Germany understanding democracy. The rebirth will be painful, but in the end the Germans will be thankful. If the enforced expiation of their crimes does not bring about their regeneration, at least they will be unable to repeat their cruelties of the past four years.

THRIFT IN THE SCHOOLS.

In the schools of Canada alone the War Savings campaign is fraught with great possibilities, and already the returns show that splendid progress is being made. It has been done in the schools of the United States is a fair indication of what may be done in the schools of Canada.

In the schools of New York there is said to be a little over 750,000 children. During the period, December 1917, to January 31, 1919, no less than \$1,455,000 worth of War Savings and Thrift Stamps were sold in these schools, which means slightly more than \$7 for each child.

The thrift campaign in the schools of the Dominion will produce 100 fold in results. Every child should be enrolled in the war savings army. Parents should see to this. It will discipline the child, in thrift, provide it with a good investment and benefit the country.

NEW RAILWAY TIME TABLE.

Commencing on Sunday, June 1st, the train service at Red Deer will be as follows, C.P.R. time:

Calgary—July 25 to July 5.
Edmonton—July 7 to 12.
Red Deer—July 14, 15, 16.
Wetaskiwin—July 21, 22.
Ponoka—July 23.
Lacombe—July 24, 25, 26.
Stettler—August 7, 8, 9.
Coronation—August 12, 13.
Canor—August 14, 15.
Daysland—August 12, 13.
Hays (Louisiana)—Sept. 10, 11.
Leduc—Sept. 15, 17.
Innisfail—Sept. 17, 18.
Bowden—Sept. 19.
Oids—Sept. 23, 24.
Didsbury—Sept. 25, 26.
Minot—Sept. 30.
Trochu—October 2, 3.
Rocky Mount, House—Sept. 22, 23

GLASS HOUSES.

"Within ten years people in this country" will be building houses of glass, which will, except in salary appointments, beauty and durability and also low cost of maintenance any type of structure of the present time. In other words, the American people within ten years will be living in glass houses. They will therefore be unable to throw stones.

That was the interesting declaration made recently by Roger S. Pease, one of the oldest glassmakers in the United States, a man who has taken an active part in all the improvements that have set the glass world face to face with new conditions and placed it in line for the greatest advance in its long history. By glass houses Mr. Pease said he meant just what he said—foundations of concrete which are now regarded as standard; the walls of wired glass and the floors of the covered with a light-weighting of wood. Such a building will prove practically indestructible, and it will be the most of colors desired, and requires no painting, no papering inside, will be proof, moisture proof and fire proof.

Mr. Pease has planned a house that will be composed of glass and is going to have it finished in some color that will make it attractive, and such color will be permanent.

The moment this idea is started, Mr. Pease declared, the public will be quick to see the value of the material. It is cheapness and reliability are understood. Glass, he said, is the most honest and most easily understood material in the world. It is not mysterious, and people will not have to employ experts to see that the quality is right. The glass for the walls of houses need not be transparent, but dense, like slate or stone. It will, however, be hard and durable.

The roofs can be of the same character of glass. It withstands heat and cold alike, and whatever patents may interfere with the cheapness of the material now are so near the beginning of time that they will be eliminated as a cost factor.

RETAIL MERCHANTS IN CONVENTION AT HAT

PRESIDENT T. A. GAETZ BELIEVES LABOR TROUBLE SHOULD BE SETTLED

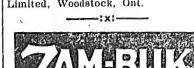

Medicine Hat, June 3.—The convention of the Alberta branch of the Retail Merchants' Association opened this morning at 10 o'clock in the city hall with President T. A. Gaetz, of Red Deer, in the chair. Acting Mayor Huckle welcomed the visiting delegates. The reading of the president's report and that of the Dominion convention at Ottawa occupied the morning session.

A solution committee was appointed. The president's report dealt with the great war, assistance to returning men, reconstruction, unrest, provincial affairs and affairs pertaining to mercantile interests and legislation.

Dealing with the present strike situation, Mr. Gaetz said, "The strikes that have occurred in Western Canada during the past month have been very detrimental to our association. We are the small cities and towns have not been affected as in the larger centers. I think it is very unfair that such a large number of our citizens in Western Canada should be made to suffer inconveniences when concerted action of our government could do nothing but bring the situation to a satisfactory end."

JUNE ROD AND GUN

The first installment of "The Bear of Silver Dale," by George Gilbert, the well-known outdoor writer, appears in Rod and Gun for June. This is a thrilling story of adventure along the trap line. Anyone interested in the Timpani Forest Reserve would do well to read the splendid article entitled "A Seven Day Canoe Trip" which tells of the doings of eight red-blooded young men in the north country. Robert Dugan Lincoln, the author of Fishing News Department, is the writer of an interesting and instructive article on summer camping. In addition to several other stories and articles, the regular departments are included in this splendid number of Canada's premier sportsman's magazine which is now on sale. Rod and Gun is published by W. J. Taylor, Limited, Woodstock, Ont.

is the best remedy known for sunburn, heat rashes, eczema, sore feet, stings and blisters. A skin food! All Druggists and Stores—50c.

M. D. OF GOLDEN WEST

A meeting of the above council was held on May 31 at Sylvan Lake. Present at the meeting were Councilors A. Rogers, Div. 1; John A. Olson, Div. 2; W. H. Stringer, Div. 3; Jonas Johnson, Div. 4; J. B. Smith, Div. 5; and the Secretary.

Letters from the Department of Municipal Affairs regarding different matters were read and dealt with in order. A letter was received from John J. Olson, M.P.P., with reference to the crossing of the Alberta Central Railway on the Burnt Lake road west of Red Deer, and recommending that a resolution should be passed, addressed to the Board of Railway Commissioners, asking that the place be acquired by an overpass crossing. A resolution to that effect was unanimously agreed upon.

The Reeves and Councilors Smith and Johnson were appointed a committee to take up with the Council of the District of Lorne No. 40, the matter of the upkeep of the roads dividing the two districts. The committee will meet on the 12th inst. at Sylvan Lake.

A petition was presented by Councilor Smith from several ratepayers praying for the cancellation of a road on section 23-35-1, W. 5th. A resolution recommending that the prayer of petitioners be granted was unanimously agreed upon.

A petition asking for a survey on the blind line between sections 25 and 33 Councilor Johnson presented a grant for an overpass crossing at the intersection of the Burnt Lake road and the Burnt Lake road.

Councilor Jonas Johnson applied for a committee of the Council to be appointed to examine the location of some of the roads between sections 8 and 23-35-2, W. 5, and sections 29 and 23-35-2, W. 5. Councilors Stringer and Olson were accordingly appointed a committee for that purpose.

Mr. Rogers reported having been interviewed by members of the Red Deer Agricultural Society recommending that the society make a grant for the Red Deer Fair. Councilor Olson asked for a grant for the Markerville Fair. Councilor Johnson presented a grant for Evans and Smith for Sylvan Lake. After some discussion it was decided by the Council that the District was not in a position to make grants for that purpose at the present time.

The bills and accounts certified correct were ordered paid.

The matter of making assessments for Wild Land Taxes was discussed. The different Councilors agreeing to get what information they could in their respective Divisions and report at the next meeting.

A resolution to borrow \$400 from the Canadian Bank of Commerce for current expenses, pending the collection of taxes, was passed.

The date of the next meeting was fixed for June 28.

LOBSTICK U.F.A. NO. 330

A meeting of Lobstick U. F. A. No. 330, Lobstickville, was held in Mr. Card's old store on Friday evening, May 23. A goodly number of members were present. Mr. R. Menzies, President, being chairman. Motions were moved and passed. Next meeting to be held June 7, when all members are requested to bring their wives and daughters and other lady friends. Also, that seven members constitute a quorum.

Mr. Stanley Taylor was appointed as delegate to attend the political convention at Red Deer on June 10 and 11. Several local farmers joined up this evening. "Let us come."

THOS. A. HART, Secretary-Treasurer.

HELPING OTHERS

A word of sympathy, a smile, or "that you" may help some one more than you know.

In a crowded street car an old lady stepped on the conductor's foot. "What did I hurt you much? I'm so sorry," "No, you didn't hurt me any, and if you had, I wouldn't be minded, seein' you so spoke so pleasant."

Why are mothers so universally beloved? Isn't it because they are always bearing burdens? Who was it stayed up all night to wait on you when you were sick? And who heard your spelling lesson six times over when you were in danger of being "put back"?

Fathers bear burdens, too, and teachers. Don't forget Gal. 6:2; next time you feel like disobeying father or playing a new prank in school.

Jesus gave His disciples many warnings against patterning after the Pharisees. Instead of helping other folks with their burdens the Pharisees made them bear more than their own burdens. Matt. 23:4. Do you know anyone like that?

Jesus was always bearing other people's burdens—burdens of sickness and sadness and sin. He taught His disciples that the greatest people in the world are those who serve others. There is a chance for all of us to be great—if we will.

FASHION HINTS.

The average width of a wash skirt is two yards.

Velvet and organdie make a fashionable combination.

The sleeveless coat fashion is gaining in popularity.

Poultard in large polka dot design is very fashionable.

A new style of cape for sport wear is of neutral line.

Chenille dotted veillings have taken a new lease of life.

Stoveless stoves are made to wear with bolero jackets.

Black satin and gray crepe de chene make a pretty frock.

A new rough swing straw appears among the latest hats.

Tailored blue serge is a standard style for children's coats.

The Ladies' Auxiliary of the G.W.V.A. will hold a ten cent tea and sale of home made cooking on Tuesday afternoon, June 17th, in the Institute Rooms. Mrs. Malcolm and Mrs. Baird will be in charge.

The Editor is away this week, so our usual "This and That" column is conspicuous by its absence. We hope the "boss" displays more serious and dignified thought at the Synod than in the above-mentioned column.

The Ladies' Aid of the Methodist Church will hold a ten cent tea and sale of cooking at the home of Mrs. H. L. Gaetz on Thursday afternoon, June 12th, from 3 to 6 p.m. Come and bring your friends.

The regular monthly meeting of the I.O.D.E. will be held in the City Hall on Friday, June 12th, at 3.20 p.m. As this is the last meeting until after the summer vacation, a full attendance is requested.

Mr. and Mrs. Jos. Wallace, accompanied by their daughter, Mrs. Geo. H. Best, left on Monday for an extended trip to Toronto, Hamilton, Kingston, Montreal and Bethel, Vermont.

Is your land or city property for sale? Then list it with us. We make no charge for listing, no charges for advertising, and only a moderate commission when the sale is made. The Red Deer Trading Co.

Sir James Outram, Bart., Grand Master of the Grand Orange Lodge of Alberta, will visit Red Deer on June 22 and 23, and will address the congregations in the Methodist and Presbyterian churches on Sunday, June 22nd. Don't miss hearing him, as he is a gifted speaker. Further announcement later.

The Alberta Baptist Convention will be held in Edmonton South Side Church, June 19th-24th. Delegates from churches and Baptists from all over the province are expected in large numbers. Some of the speakers will be: Rev. Dr. Patterson, Winnipeg; Rev. D. R. Sharp, Moose Jaw; G. P. McNally, President of the convention, of the Department of Education in Alberta; Rev. D. A. Gunn, of India; Rev. C. C. McLaughlin, Supl. of Missions; T. Underwood, Esq., and Rev. H. H. Dingham, Calgary, and others.

The officers and members of the Sir Christopher Cradock chapter of the I.O.D.E. desire to publicly thank the members of the Red Deer Citizens' and Veterans' Band for their splendid music in connection with the distribution of medals at the school on Empire Day. They would also thank Mrs. Dave, who so ably led the singing, and Principal Locke, Captain Gibson, Mayor Lord and Mr. J. J. Gaetz, M.L.A., for their inspiring and patriotic addresses, as well as the local ministers who so kindly examined and judged the essays written in the contest for medals. The prize winning essays will be published soon.

Mrs. G. H. Lindsay left on Saturday for a visit to the coast.

The Waskasoo Guild meets on June 19th, at the home of Mrs. McCall.

Pte. D. Bell has never been in a Forestry battalion, having served for over two years in the fighting 31st.

Mr. Matthews, of Hardisty, who has been visiting Mr. Kruger, of Waskasoo, left for home on Saturday.

The regular meeting of the I.O.D.E. will be held on Friday afternoon at 3.30 in the city hall.

The annual Sunday School picnic of St. Luke's Church will be held on Wednesday, June 26th, in Waskasoo Park.

Miss Connie Jarvis was able to come up home from Calgary Saturday evening following her recent operation.

Deputy Grand Master W. J. Bonnell is in attendance at the Grand Lodge of Alberta, A. F. & A. M., in session at Calgary this week.

Mrs. Geo. Chapman left last week for Yank, B. C., where Mr. Chapman has a contract, with the C.P.R. to outfit Mrs. Thornhill accompanied her mother as far as Calgary.

Mrs. Ryan, who has been visiting friends in the city, left Saturday for Edmonton South, where she will reside with her daughter, Mrs. (Dr.) Washburn.

Rev. Mr. Currie, of Pine Lake, took the services in St. Luke's Church Sunday morning last, and Mr. Ayres in the evening.

Mrs. A. M. Finlay passed through a rather serious operation at the Memorial Hospital last week. She is recovering nicely.

W. A. Cassels and J. A. Carwell, of Red Deer, and R. A. Pike, of W. Hilldown, are attending the Anglican Synod in Calgary this week.

Tom Gaetz' big sale starts on Friday. If you want the bargains you should be there when the doors are opened as there is sure to be a big rush.

The Bishop of the Diocese will hold confirmation services in St. Luke's church on Sunday morning, June 22. He will be assisted by Archdeacon A. Dewdney.

Mrs. Bonnell, Doctor of Chiropractic, has arrived in the city, and will be pleased to examine and treat patients in this science and will assist her husband in his rapidly growing practice.

The Excelsior Class of the Presbyterian Sunday School will hold a ten cent tea and sale of ice cream and cake at the Institute rooms on Friday, June 13, from 3 to 6 o'clock.

The ladies of the Catholic Church are holding a 10c tea and sale of home made cooking in the Institute Rooms on Saturday June 14th, from 3 to 6 p.m.

The regular meeting of the G.W.V.A. of Red Deer, will be held in the Armories on Sunday, June 15th, at 2.30 p.m. All comrades are specially requested to attend. To all returned men not yet members we extend a cordial invitation to join us.

Remember the G.W.V.A. Grand Dance in the Armories on Wednesday, June 11th, at 9 p.m. The Victorians' popular orchestra will supply the music. Come and have a good time.

A general meeting of the Ladies' Auxiliary of the G.W.V.A. will be held in the Armories on Thursday, June 19th, at 8 p.m. It is hoped that all soldiers' relations who are eligible for membership will take this opportunity to join.

We invite you to attend the meetings of Salvation Army, Captain F. Mundy will be conducting the meetings this week end. Week-night meetings this week will be held Thursday and Saturday at 8 p.m. Sunday services: Sunday School, 11 a.m.; praise meeting, 3 p.m.; Salvation meeting, 7.30 p.m.

The Great White Chief, White Elk, of the Oklahoma Indians, has joined the G.W.V.A. of Red Deer. He had some thrilling experiences in the U.S. navy, and is one of the few survivors of the transport Antilles which was sunk by a U. boat in the English Channel.

C. J. Rutter, who is working in the Prince Albert district, is home for week's holiday. He reports that about a hundred miles of country this side of Saskatchewan seems to be almost bare, the crop having been destroyed by drought and cat worms. He says Red Deer district is the finest he has seen.

Mr. Roy H. Rodgers, who is here conducting a sale for Tom Gaetz, would like it known by the people of Red Deer and district that the prices he is giving on Tom Gaetz' stock exceed the previous sales he has conducted lately at Newton, Marston, and Vulcan, so if bargains interest the people here this should be the most successful sale ever held in this part of the country.

DEATHS.

TELNING.—Died, on Friday, June 6, at the Memorial Hospital, Red Deer, Adelaide Sybil Telning, aged 21 years, beloved wife of Mr. Larry Telning, of Evansburg, Alta. A funeral service was held from the Jacques-Orme Funeral Home on Sunday afternoon at 2.30 o'clock, conducted by Rev. G. W. Ayres, strong, after which interment took place in the Red Deer cemetery.

WAR SAVINGS STAMP

The War Savings Stamp drive, which was commenced on Tuesday, enjoyed a very successful day. About 400 joined the thrift army on Tuesday, and the total \$4,000 was pledged in the city. Mr. Giltus, the organizer for Alberta, is much encouraged by the result of the first day's efforts and hopes that by the close of his campaign to double that amount. The Convener (Mrs. Galbraith) of the Local Council of War Savings, has been congratulated by the different organizations of women in the city, are to be congratulated for their efforts. Mrs. McCrorie and her committee have been made to get on property sooner. Apply Evans Brothers, P.O. Box 705, Red Deer, June 11, 2.

BASEBALL.

Our ball team journeyed en masse to Lacombe on Monday evening for a game with the nine of that town. The weather had been rather damp in Red Deer during the afternoon, but there had not been so much rain in Lacombe, and the grounds were in fine shape. Joe Edgington pitched for Lacombe, but our boys landed heavy on his curves, and Red Deer won a six-innings game by the score of 15-4. Following was the Red Deer line-up: 1st: Smith, 2nd: P. E. Bonnick, 3rd: N. Hamley, 4th: H. Malcolm, 5th: L. Marshall, 6th: R. Malcolm, 7th: C. Malcolm, 8th: R. Duncan, 9th: J. M. Campbell, manager, accompanied.

SENATE RESOLUTION NOT TAKEN SERIOUSLY

London, June 10.—London newspapers as a whole are not at all excited over the resolution adopted by the United States Senate asking the American peace delegates to secure a hearing before the peace conference for Ireland's delegates. "Truths which are commonplace here are entirely overlooked or unknown in America, where it is not realized that the home rule question is not an issue between England and Ireland, but Irishmen and Irishmen," the Daily Chronicle says. "There is no country in the world," says the Morning Post, "but America where such a deliberate affront to a friendly people would be offered. Judging by all the standards of international comity and decorum, it is indefensible."

STRIKE CONDITIONS AT CALGARY EASING OFF.

Despite the efforts that were made on Monday night by strike leaders in Calgary to persuade the Ogden men from returning to work, Tuesday morning, some of them have resumed work there, according to the statement of the officials of the company. At the time of writing there was a big crowd of workers outside the gates of the works, and there was a heated debate amongst them as to whether they should ignore the Strike Committee and follow the men that have already returned. It would not come as a surprise if by this afternoon a large percentage of the men were again at work.

WANTED, TO RENT—A party would like to rent a quarter section with the option of buying, or go on shares, near Red Deer. Write Box 316, Red Deer, Alta. May 28, 1919.

NOTICE TO CREDITORS AND CLAIMANTS

In the matter of the estate of Giovanni Juliant, late of Mountain Park, in the Province of Alberta, Coal Miner, deceased.

Pursuant to the Order of His Honor Judge H. C. Taylor, dated the 9th day of June, A.D. 1919, notice is hereby given that all persons having claims upon the estate of the above-named Giovanni Juliant, who died on or about the 10th day of November, A.D. 1918, at Mountain Park, in the Province of Alberta, are required to file with the Western Trust Company, 102 C.P.R. Building, Edmonton, Alberta, the Administrator, on or before the 7th day of August, A.D. 1919, a full statement, duly verified, of their claims and of any securities held by them; and that after that date the Administrator will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been filed or which have been brought to their knowledge.

Dated this 9th day of June, A.D. 1919.
THE WESTERN TRUST COMPANY,
Administrator.
A. T. Mode,
Solicitor for the Administrator.
Approved—H. C. T. June 11, 1919.
